

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Unravel the supply power and ground wires and pass them through the center holes of rod (C) and loop assembly (B).
4. Thread the bottom of rod (C) onto the top of the socket assembly (A), as shown in the diagram, until snug.
5. Install the loop assembly (B) into the top of rod (C) .
6. Install the cap (E) onto the glass shade (G) using screws (F). Hand tighten until snug.
7. Install proper bulb (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
8. Carefully place both ends of the chain (D) on the hooks of the loop assembly (B) and cap (E), as shown in the diagram.
9. Refer to the additional installation instructions included with the product for wiring and installation.
10. Restore power to the installation point and retain this sheet for future reference.
